MINISTER OF HEALTH GARY MAR (far right) was greeted by local government officials and members of the LRHA board and Interagency Health Committee when he visited Elk Point on Thursday. From left to right are Town Councillor Parrish Tung, County Councillor Sharil Baumgardner, LRHA board member John Pilipchuk, Interagency representative Margaret Modin, MLA Ray Danyluk, County Councillor Allen Young, Mayor Lyle Frisby and LRHA board chair Ernie Isley. Mar toured the Elk Point Health Centre before meeting with the group.

Elk Point waits for Mar's response on LRHA budget

Minister of Health Gary Mar stopped briefly in Elk Point as he and MLA Ray Danyluk made a whirlwind tour of the Lakeland Health Region on Thursday, visiting Elk Point Health Centre before meeting with representatives of local governments, the Lakeland Regional Health Authority Board and Elk Point Interagency Health Committee regarding the future of health care in Elk Point.

That future is still up in the air, pending Mar's decision whether to approve the LRHA's revised deficit budget.

Interagency Health Committee Chair Margaret Modin felt the visit gave Mar "a vision of what rural life is all about." The tour of the Health Centre was "very worthwhile. The doctors (Dr. Drew Ramful and Dr. Sandy Koe) came along and pointed out various aspects, and Nurse Manager Val Sebree answered a number of questions. Mr. Mar had questions about home care, and Esther Moneta was able to answer those. Ray Danyluk pointed out the proximity of the hospital to Buckingham House and Heritage Lodge."

Mar heard a number of presentations over dinner at the Elk Point Seniors' Recreation Centre, as community leaders

Recreation development benefits from \$73,000 grant

The Town of Elk Point has received approval of a \$73,000 grant which will be used to upgrade facilities at the Elk Point Recreation Park. Town Council was told at last Monday's regular meeting. The Town applied for the 2002 Municipal Sponsorship Program grant in conjunction with the Town of St. Paul and County of St. Paul, which qualified them to receive this amount rather than \$31,000 they would have received by applying on their own. Installation of showers and washrooms accessible to both the soccer field and the campground will have a \$40,000 price tag, with \$10,000 designated for a storage building and the balance going to repair the gazebo and construct horseshoe pits and a sand volleyball court. Work on the projects will start as soon as the funding arrives and the park will see a lot of construction this fall,

weather permitting.

Council expressed concern over the closing of Agricore United's farm supply facility, which councillor Dwayne Vogel said is "a big part of our agriculture industry." Since the closure of the elevator, which has since been sold to a Vermilion-area farmer, Agricore has continued to offer fertilizer and chemicals through the facility, which consists of two warehouses, fertilizer bins and hopper. Vogel moved that the Town send the company a letter stating disappointment over the closure and urging them to rethink the decision. It was felt that Agricore United had done good business in the Elk Point area, as the sole supplier of crop production supplies in the community.

Consideration is being given to changing angle parking to parallel parking on the west side of 50

Street between 51 Ave. and the alley south of the post office, after a vehicle parked on the east side of the street had its door crumpled when a north-bound vehicle swerved to avoid someone backing out of an angle parking space. While this would substantially reduce the number of parking spaces in that half block, it was noted by Council that there is also angle parking off the alley for post office patrons.

Council plans to take part in the annual FCSS Information Night on September 10, and are planning to do a survey of community needs at that time.

A ratepayer visited Council to protest both a water bill and the way Town staff had handled his queries. The matter will be looked into and resolved.

William John shot a 159 to win the 2002 Elk Point Oilmen's Golf Tournament this weekend. A total of 128 golfers competed in 16 flights in the two-day event, coping with cool and damp weather as they made their way around the course.

The tournament included a steak banquet and awards presentation at the Elks Hall, where commemorative golf shirts were presented by Oilmen's president Dave Cousins to the champions of each flight, and an impressive array of prizes were handed out to lucky golfers.

Joining John in the winners' circle for the championship flight were Ken Bozniak in second place, Darren Crapley in third and Robyn Moroziuk finishing fourth.

Winners of the first to 15th flights were as follows:

Elk Point waits for Mar's response on LRHA budget

(Continued from Front Page)

"presented our case in a logical way," Mrs. Modin said. The Town spoke on the economic factor of having a viable health facility, and Dr. Ramful both addressed economics and pointed out the very large area the facility serves, questioning where these residents would obtain health care if it were no longer available in Elk Point.

There was some concern regarding whether the Minister entirely understood the relationship between health care and the economy of the community.

Jim MacLellan of the Interagency Committee said after the meeting that his hope is "riding on Ray Danyluk, (LRHA Board chair) Ernie Isley and Premier Klein" to keep the health centre. "We have a strong ace in our hand with Ray, John Pilipchuk and Ernie are working on our behalf, and the Premier is not intent on closing rural hospitals."

Local physician Dr. Drew Ramful gave "an

extremely good presentation," MacLellan said.

Dr. Ramful said the first step determining if Mar approves the budget. "He can do two things: either approve the budget, in which case it would be business as usual, with the implementation of the board's plan, or he could say no." If that happens, "I don't see too many options. If he decides to dissolve the board and run the region himself, that's when the future of facilities would be decided." The recently elected LRHA board "hasn't had a chance to show what they can do." Ramful says, and he hopes that they will get that opportunity.

Mar's answer should come today or tomorrow, Dr. Ramful said, adding that Mar "didn't give any indication how he will go."

County of St. Paul Division 2 councillor Sharil Baumgardner appreciated Danyluk bringing the Minister to Elk Point. "The tour of the hospital is a good thing, it puts a face to things." However, "I don't know if it helped him make a decision."

Ms Baumgardner hopes that "this matter is put to rest and we have a stable health care system."

Earlier Thursday afternoon in St. Paul, Mar agreed to fulfil a request by LRHA Board member John Pilipchuk, to have a third party review the health funding formula as it applies to LRHA. The review would look at issues like shadow populations, made up of people like summer cottagers or

oilrig crews, who use LRHA facilities but aren't covered in census-based funding.

FCSS Director Deanna Easthope said a review of the funding formula "is probably our only hope."

Mar was also willing to take another look at inter-facility ambulance transfers. In the past patients (or their insurance carriers) were charged for ambulance services. The province recently added that responsibility to the RHAs.

However, Mar feels Albertans must have realistic expectations as far as health care is concerned, and said in St. Paul that he is not in favor of rural areas having "a hospital at every place where two roads cross. There are still too many hospitals."

■ On August 2 at approximately 8:55 p.m., an Elk Point ambulance was stolen from the parking lot of Ace Pizza, located at 48 St. and 50 Avenue in Elk Point. Immediately on receiving the call the Elk Point RCMP with assistance from St. Paul and Bonnyville detachments, attempted to locate the vehicle which headed north on Highway 41. A few minutes later the ambulance was located, undamaged and abandoned, in the Kehewin townsite. It is believed that the suspect(s) had turned off the road toward Moose Mountain on Highway 28 and took a back road into Kehewin in order to evade apprehension.

Anyone with information regarding either of these matters is asked to call Crime Stoppers at 1-800-222-TIPS (8477) or the Elk Point RCMP Detachment at (780) 724-3964.

Crime Stoppers will pay up to \$2000 for information leading to the arrest of the person(s) responsible for this or any other crime. You do not have to reveal your identity and if your tip leads to an arrest you qualify of an award.

Family Day Homes are needed for Elk Point youngsters

In any community where parents go to work or to school while they require care for their children who are under seven years of age, the Family Day Home Program may be the answer. Consequently, every year at this time before families get back into the fall routine, we let the community know that we need more Family Day Homes to meet the requests of parents who are looking for child care arrangements in approved Family Day Homes. The Family Day Home Program in Elk Point is operated under FCSS and is referred to as Elk Point Child Care Services. These Family Day Homes will consist of a caregiver who is usually a parent herself who enjoys working with children. Family Day Homes are screened, approved and monitored. Numbers and age ratios of children in the homes are limited according to approved standards.

Many factors have to be taken into consideration before you decide to provide care. Think about whether you are suited to and will enjoy being a caregiver, the effects that providing care will have on your family and your home, and whether caring for children will provide you with the income you need.

What does it take to be a caregiver? **Warmth:** You have to like people, both adults and chil-

dren. **Humor:** The ability to laugh at yourself and the world around you is invaluable to a

deanna
EASTHOPE

from the FCSS desk

caregiver and a great tension reliever. **Good Communication Skills:** Both your speaking and listening skills will be important tools in your work with children and parents. **Patience:** For those days when nothing goes right - or, for that child who will ask the same question again and again. **Responsibility:** The child and parents you offer your services to depend on you. **Confidentiality:** As a caregiver, you will learn information about your client families that must remain confidential. **Good Health:** Working with children means exposure to colds, viruses, and a variety of normal childhood illnesses. You have to start healthy and work at remaining that way. **Sensitivity:** Children and parents will require tactful handling. **Energy:** Whether toting infants, chasing two-year-olds or coping with the emotional ups and downs of school-aged children, you'll need lots of energy.

Organization: You have a lot to manage: your home, the care of your own as well as the children in your care. **Creativity:** Don't confuse creativity with being artistic: a creative person is one who can think on her feet. **Confidence:** Whether setting limits for a child or discussing business with a parent, you should present yourself with confidence and self-assurance. **Motivation:** Being your own boss brings real advantages but it also means it's up to you to decide what has to be done, when, and how, and then to do it. **Flexibility:** The one thing you can count on when working with children is that everything will not go as planned. **Selfishness:** You have to be self-involved enough to take care of yourself: eat properly, get enough rest, and find ways to relax that work for you.

If you feel you have a handle on all the above action words, and you feel you would like to become a Family Day Home Provider, give Deanna Easthope a call at 724-3800 or 724-3933.

Or, after reading the description of a Family Day Home Provider, you feel you would like to place your children in one of our homes, give Deanna a call. If you need subsidy to help with the cost of child care, it is available.

NINETY-NINE AND DOING FINE - Mary Ester (Etta) Scott celebrated her 99th birthday on Friday at Heritage Lodge, with congratulations coming from three levels of government. Elk Point Town Councillor Dwayne Vogel and Heritage Lodge staffer Cathy Berlinguette helped display the sheaf of certificates, which came from MP Leon Benoit, MLA Ray Danyluk, Dr. Ken Nicholl of the Official Opposition, Premier Ralph Klein, MP Steven Harper, Lt. Governor Lois Hole, Prime Minister Jean Chretien, Governor General Adrienne Clarkson and the Town of Elk Point. "Very few people get to this age," said the cheerful senior, who added that she had a great, great aunt who also reached 99.

Track medals for two local youths

Two local teens brought home medals from the Summer Games in Camrose last week.

Amy Millar won gold in the U-15 girls high jump and bronze in the long jump and Travis Lindquist bronze in the pentathlon in his first ever attempt at the five disciplined sport.

"It feels great," said Millar, who battled the wind and rain en route to her gold medal high jump.

"It's a great accomplishment, I guess," said Lindquist, who excels in high jump, long jump and sprinting.

A smart start for the school year

Parents who have done their homework already know the expenses of school supplies can quickly add up. Here are some simple tips that will help you meet your child's classroom needs without breaking the budget.

■ **Think ahead.** Your child may have received a list from school detailing what supplies will be needed for the coming year. With that in mind, take a look at what you already have around the house and then make a list of what you need to buy.

■ **Set a budget.** Decide how much you can afford to spend and don't go shopping when you're tired. Tired shoppers are often tempted to overspend just to get the chore out of the way.

■ **Leave them at home.** You may want to shop without the kids so they don't sway you to buy "cool" stuff like a backpack that's twice

the price of a comparable brand.

■ **Take a pen.** Take a pen or pencil with you to cross off items on the list that you've purchased.

That way instead of buying too much, you're concentrating on getting the bargains.

IN MEMORIAM

BAILEY, Brian

My Darling Honey, Brian

It will be a year on August 22, 2002, since you left your loving wife, Nelita and your precious son, Brendon (B.J.).

Never in our wildest dreams, did we ever expect this, big, big shock. We miss you more than words can express!

B.J. and I will never forget you and your loving and caring ways, in everything you brought into our lives. Why did you have to leave so suddenly without a chance for us to say good-bye? Our love ran very deeply and I will always treasure it. You have left us with many happy, wonderful memories of our lives together. Thank you for our son B.J., whom we know you loved a great deal. Memories cannot replace the void we have in our lives now. We wish you could come back home as I feel like I lost my right hand and also my right leg. In our hearts we very deeply feel our loss. We love you.

Loved and missed forever, Nelita & Brendon Bailey.

P.S. - A Prayer Service will be held August 31, 2002 at 3:00 pm in the Windsor Club at Lindbergh. Everyone welcome.

GARAGE SALE A SUCCESS - Dee Pankiw reported that last week's "Not Just a Garage Sale" at the Elk Point Curling Rink was a success, with the sale of donated items bringing in in excess of \$1800 for the Cancer Society. "Thursday was really busy," she noted, expressing thanks to all the many donors and the eager buyers, who were still coming in to shop in the final minutes of the sale.
